

CRANE ARMY AMMUNITION ACTIVITY

CRANE, IN

Crane Army Ammunition Activity (CAAA), a Government-Owned, Government-Operated, Department of Defense facility located in Crane, Indiana.

CAAA receives, stores, ships, produces, renovates and demilitarizes conventional ammunition, missiles and related components to meet contingency requirements in support of Joint Force readiness.

CAAA occupies 51,000 acres and the facilities include more than 30 production buildings, a 72,000 square-foot machine shop, 1,800 storage buildings for both explosive and inert ammunition and more than 6 million square feet of storage. Our skilled workforce consists of more than 700 personnel.

Centrally located near numerous transportation arteries, CAAA's skilled team is capable of shipping munitions via air, rail, ground or sea. CAAA is a proven partner of industry that takes seriously our commitment to the Warfighter and our customers. We invite you to partner with the CAAA team of experts!
